Principal's Message

Last night's Family Fun Night, was a great success. We could not have asked for better weather. On a perfect evening, students thoroughly enjoyed splashing about on the Slip n Slide, playing with the sports equipment, being with their mates and enjoying the tasty BBQ. Thank you to all families that supported the night. We had lots of new families and existing families, come along and share a great social night.

Parent Teacher – 3 Way Conferences

Early feedback from the 3- Way Conferences has been both encouraging and informative. There are several themes emerging. Parents and students are indicating the self-confidence to produce quality work and do well academically is very important. Teachers are positive about the connections they have made and that this will be useful in the classroom and positive for the well-being of the students. Students are reporting they are happy and extending their friendship networks.

Perhaps one of the most popular decisions we have made this year, is to subscribe to Mathletics. Parents have been reporting, how popular the program is with the students and staff have been reporting, how valuable the program is in the classroom. Well done Mrs Watson, who took the initiative to staff and organised its introduction into all classes and arranged access for all students.

If you haven't booked a 3 –way conference appointment, it is not too late to do so.

Breaking News

For those that aren't aware the basketball court at Huskisson Public School is also known as the "Orca Dome". The home of the Bay and Basin Orcas. The President of this newly formed club in 2018 is Mr Shane McMillan.

Shane recently applied for a grant to have new basketball rings and posts installed at the "Orca Dome". He received a welcome letter yesterday, informing him, that his application had been successful.

Congratulations Shane for your efforts. Huskisson Public School is also rewarded for their support of community organisations.

Assembly 1/2 Tapalla

I'm looking forward to our first class assembly by 1/2 Moona Moona.

An invitation is extended to all parents, to come along and enjoy the entertainment and celebration of learning.

District Swimming Champions

Congratulations to the Huskisson Public School District Swimming Team, South Shoalhaven District Swimming Champions for the second year in a row. We were the overall winners and also won the overall points score trophy, that is based on the size of schools. This was due to all members of the team who either did a personal best or tried their absolute hardest.

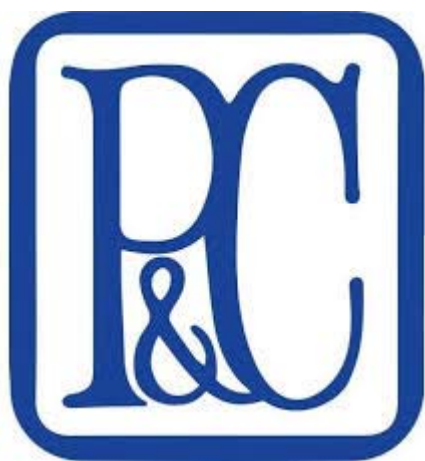

There were some very notable performances on the day. All our relay teams placed first, advancing to the South Coast Regional Championships. Our senior boys, also broke a long standing record. We had three age champions. CJ Malmberg - junior boys, Halley C - junior girls and Jessie K - 11 year boys.

Thank you to all parents for your support on the day, staff from Huskisson Public School and all other schools and to all students who not only tried their best, but were also great ambassadors for Huskisson Public School.
